

Bread Crumbs Overview

Bread Crumbs is a convenient way to navigate back to a page you were working in previously.

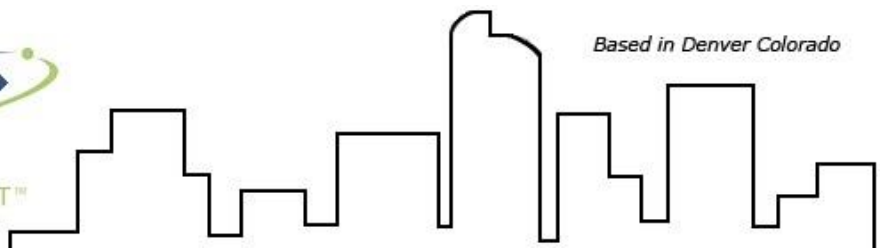

Bread Crumbs are located to the top right of the page. Single click and the pages you were previously in will display in a dropdown list.

Click the link to take you back to a previous page. Example: [HOME CONTACT DETAIL](#) takes you back to the Secondary Homeowner Contact record.

Detail	Homeowner (2)	Requests	Schedules	Tasks (3)	Plan	Trade Partners	Costs	Correspondence
Documents	Document Merge	Quality Processes						
<input type="checkbox"/> Primary Homeowner <input checked="" type="checkbox"/> Secondary Homeowner <input type="checkbox"/> Billing Homeowner								
Name:	<input type="text" value="Kaden"/>	MI:	<input type="text"/>	Last:	<input type="text" value="Matthews"/>	<input type="checkbox"/> My Contact		
Title:	<input type="text" value="Owner"/>							
Use Same Address as Home <input type="checkbox"/>								
Address:	<input type="text" value="2016 Turtle Bay Cove"/>							
City:	<input type="text" value="Ponte Vedra Beach"/>	State:	<input type="text" value="FL"/>	Zip:	<input type="text" value="32082"/>			
Phone 1:	<input type="text" value="904-444-1717"/>	Type:	<input type="text" value="Cell"/>					
Phone 2:	<input type="text" value="904-333-1111"/>	Type:	<input type="text" value="Home"/>					

Bread Crumbs Overview

If you notice your database doesn't display the breadcrumb option, the Administration of your database can turn this on by going to Tools → System Setup → Settings → Middle of the page Other Options. Check Show Bread Crumbs in the Header.

Other Options:

- Allow new homes without close dates?
 - Allow homeowner to be billing contacts?
 - Do not show WO Review Date on the Service Requested report?
 - Prepend one (1) to fax numbers for the fax service?
 - When adding a new home, use the City, State, Zip and County from the community?
 - When quick adding a new home, use the primary and secondary contacts and full address from the community?
- Set Time Zone for ALL Sites: *for future dates only. It will not change previously saved dates.
- Show Maps using maps from:
- Auto-stamp name/date/time when entering action taken?
 - Auto-stamp name/date/time when entering service requested?
 - Home copying also copies the homeowner?
 - Use site email address for notification 'From' address?
- Set Schedule Time Frame Regular 24 Hours
- Show Bread Crumbs in the Header?
 - Show determination and image uploads on Work Order quick add screen?
 - Show Work Order Request For Bid?
