

How to clear cache & cookies

When something isn't displaying correctly or not connecting to web pages like it should, you may need to clear your cache. See instructions below on clearing your cache in the following browsers; Google Chrome, Mozilla Firefox and Microsoft Edge.

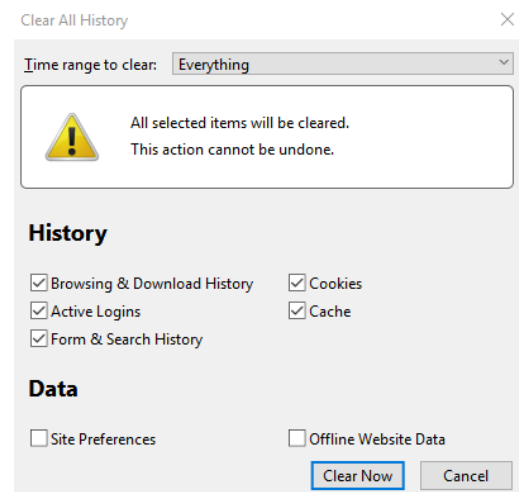

Google Chrome:

1. Click the three dots  in the browser toolbar.
2. Select **History**
3. Select **History** again
4. Click **Clear browsing data**
5. From the **Time Range** select the period of time you would like remove information from.
6. Select the **checkboxes** for the data you would like to clear.
7. Click **Clear data**
8. Close the browser and re-open it to complete the refresh.

Mozilla Firefox:

1. Click the following icon in  the browser toolbar.
2. Select **History**
3. Select **Clear Recent History...**
4. From the **Time range to clear** select the period of time you would like remove information from.
5. Select the **checkboxes** for the data you would like to clear.
6. Click **Clear Now**
7. Close the browser and re-open it to complete the refresh.

How to clear cache & cookies
